

NASHOBA

Regional School District

March 17, 2006

Dear Parents,

As you know Kindergarten registration is fast upon us. If you have a child who will be five (5) years old on or before September 1, 2006, you may register them during the registration dates in your town of residence (see www.nrsd.net for more information.) The Nashoba Regional School Committee recently added one full day kindergarten class for the towns of Stow and Bolton to accommodate an existing wait list. There are limited openings now in all three towns for All Day Kindergarten. If you would like to consider placing your child in a second lottery for openings in our All Day Kindergarten classes, we welcome you to do so. This second lottery will follow the same protocol as the first one with a date to be announced. Seating is limited and there will not be another class opened should the lottery entrants exceed the number of seats available.

The classroom being used for this third All Day Kindergarten class originally was proposed for use for half day sessions. Given that we will have fewer half day sessions there may come a time during the course of the year that students who only desire half day will be placed in the morning sessions of an all day classroom. This is to ensure that neither the all day classes nor the half day classes go above twenty – two (22) at any point in the year.

Information about how to sign up for the lottery will be coming from your town's school principal. You may also inquire during Kindergarten registration.
