

Bird Nests

Ingredients:

7 ounces milk chocolate
1 ounce bittersweet chocolate
2 tablespoons unsalted butter
3 large size shredded wheat pillows (about 3 cups broken up)
Mini chocolate eggs

Directions:

1. Heat the butter and chocolates in a double boiler over hot water until melted and smooth. Set aside for a moment.
2. Crumble the shredded wheat pillows into a bowl.
3. Pour the chocolate over the shredded wheat and mix; it should be thoroughly coated.
4. Shape the chocolate mixture into 6 nests and place on a greased, foil-lined cookie sheet. The chocolate will harden as it cools, so don't worry if it seems too gooey.
5. Place in a cool spot to harden off.
6. Place a few colored chocolate eggs in each nest!
